Review TO ASCENSION REIKI

**Ascension Reiki 1 & 2
Angelic Attunements of Light:**

“The secret art of inviting happiness,

The miraculous medicine for all diseases.

At least for today:

**Do not be angry,
Do not worry,
Be grateful,
Work with diligence,
Be kind to people.**

**Every morning and evening, join your hands in meditation and pray with your heart.
State in your mind and chant with your mouth.**

**For improvement of mind and body.”
Usui Reiki Ryōhō.**

The original Atlantean information bringing forward forgotten knowledge through the Angelic Realms, building on the traditional Usui system with new healing techniques, wisdom, divine knowledge and symbols. You will receive a series of attunements from your Reiki Master which will activate your body's energy channels to receive an increase in vital energy, and also tune the physical and spiritual body to a higher vibrations and frequencies. I will share with you the three traditional Usui Reiki symbols and the Ascension Reiki Symbols in a non stressful way and you will experience a hands on approach to learning hand positions for healing while being supported on how to personally connect to the healing angels, archangels, guardians, ascended masters, as well as beings of light.

It was channelled through Dr Mikao Usui, and the Archangel Metatron, to Jacqueline Phillips, founder of 'In the Presence of Angels'.

It brings to us information and knowledge as was known in Atlantis that has long been lost due to the Angelic element being forgotten.

However, we are once again ready to receive this knowledge through those teachers, with our consciousness now high enough to accept these teachings.

When you learn Ascension Reiki, you are introduced to the Healing Angels, the purest energy source, ensuring purity of healing, which if received with an open heart, will help you move from fear back to love in the Ascension process.

This newer form of Reiki, with its roots in the Usui & Tibetan tradition, will provide you and your clients with additional tools to aid your Ascension journey. It includes new symbols recovered from the Atlantean age that work in unity with the traditional Usui Reiki symbols.

Most people find it transformational for themselves and those whom they give treatments to. You too could become a channel and experience the joy of giving and receiving this gentle art of healing.

Preparing for a Ascension Reiki Master Attunement

A Reiki Attunement is a process of empowerment that opens your crown, heart and palm chakras, connecting you to the unlimited source of 'Reiki Energy'

During the Attunement and for a time afterwards, changes will be made to your energy that open your system, enabling you to start to channel Reiki. These changes take place metaphysically in the chakras, the aura and also in the physical body.

An emotional as well as a toxic release therefore can take place as part of this clearing process.

In order to improve results during the attunement, a process of purification is recommended. This will allow the attunement energies to work more efficiently and create greater benefits for you. I too will follow these recommendations.

The following steps are optional; follow them if you feel guided to do so.

- *Try to minimise red meat, dairy foods and sugar during the week prior to the attunement.*
- *Cut down on caffeine drinks (tea, coffee etc) as they create imbalance in the nervous and endocrine systems. Herbal drinks are preferred.*
- *Avoid sweets, chocolate and alcohol. Eat fresh produce as much as possible.*
- *If you are a smoker please cut down. No smoking is permitted on the days of attunements.*
- *Where possible meditate daily in the days leading up to the attunements.*
- *Reduce time watching TV, listening to the radio and reading newspapers.*
- *Spend as much time as possible with nature, take quiet walks, or sit and meditate outside.*
- *Create a sacred space around you, free from as much fear, stress and worry as possible.*

Remember a Reiki Attunement is an initiation into a sacred metaphysical order that has been present on earth for thousands of years.

By receiving an attunement you will become part of a group of people who are using Reiki to heal themselves and each other, and are working together to heal the earth.

By becoming a part of this group you will also be receiving help from the Reiki guides and other spiritual beings who are successfully working towards these goals.
